## Soldier Writes From Australia

Sgt. John P. Fleenor, Jr.  
11th General Hospital,  
APO 927, c/o Postmaster,  
San Francisco, Calif.  
August 25, 1942.

The Editor Mountain Eagle  
Whitesburg, Ky.

My Dear Mr. Nolan:

To-night I'm just another Letcher County boy in this "Man's Army" who is just a little closer to the warring world in far off Australia. "Way Down Under."

Australia is a very fine country and the people and everyday life, being so much like our own in the States makes it easier for us to make friends and enjoy ourselves. Yes I can truthfully say that the Americans in Australia are enjoying themselves very much because it's more or less a novelty but there will never be a place equal to home so we are looking forward to the day when we can return and take life as it was before we had to say good-by to our native shores.

I've received quite a few Mountain Eagles since I've been here, the last one dated July 9, 1942, in which I noticed letters from several of our Letcher County boys. I know that a lot of them are also receiving the Good Old Mountain Eagle and I'll take this privilege and say Hello to all of them. The going gets awful hard sometimes but being a Kentuckian I know that you can take it, come what may. A lot of you men have been my close friends, in civilian life and since I've been in the Army so I would appreciate a letter if you don't have too many girls on the line and if that is the case I know you are pressed for time. Keep your chin up men.

I would like for you to change my address from APO No. 1142 to APO 927 and probably my paper will arrive here just a little quicker than before.

I wonder if the families and friends of service men are using the new V. . . MAIL. Some of our boys have written their families using V Mail as I'm using now and it has reached its destination in ten days.

I'll say Hello to all my relatives and friends and ask you to write when you can find the time because it helps us to keep our chins up. High morale is one of the greatest factors in winning a war.

So keep the Eagle winging its way to the south and I'm sure I won't get behind in the Letcher news. Thanks for everything. Mr. Nolan.

Sincerely yours,  
SGT. JOHN P. FLEENOR.

NOTE—Thanks for your interesting letter Sgt. Fleenor. It is more interesting than usual because it is the first one we have received by V MAIL. We hope many others will take advantage of the new mailing system. Friends here are always pleased to hear from soldiers and all of us look forward to the day when all of you will return victorious. If the Eagle fails to reach you it will not be our fault.—Editor.

Dr. B. F. Wright and Mr. and Mrs. Cossie Quillen made a trip to Frankfort this week in the interest of the Taxpayers of Letcher County. Next week complete details will be given.

## Rotary Bulletin

Sept. 18, 1942.

"America"  
Invocation  
Speaker: Hugh Hurst.  
Subject: Optional.

LAST MEETING: Rev. Joe T. Sudduth spoke on the subject "Building Spiritual and Moral Foundations." He said there were 60 million people in the United States who had no church connections. There are 27 million Children and Youth who do not attend Church or Sunday School, and that of all the Criminals in the United States 95 per cent of them come from the 27 million children and youths who do not attend Church or Sunday School. These figures are staggering, and are probably almost unbelievable to most of us. Joe challenged the Rotary Club to live up to our motto, "Service Above Self and He Profits Most Who Serves Best." He said we could carry out our motto more fully by attending Church and Sunday School and help the Churches correct some of the above mentioned conditions. The writer felt like Joe was talking to him in particular, but Joe said he was talking to the rest of you too. Thanks Joe for the fine and timely message. We will look forward to having you with us again.

We were expecting to have President George with us today but something happened that he could not be here, so the pressure was on yours truly again.

VISITORS AND GUESTS: We very much enjoyed visiting Rotarians Jacobs and Marks from the Cumberland Club, and Mr. Tarkington who was the guest of Rotarian Sam Winfrey. It makes us feel really good to have them and hope they will visit with us as often as they possibly can.

ATTENDANCE: We had a good crowd. Our absentee list was small and we believe some of them will make up. The fellowship was excellent and we think everyone left the meeting feeling good. Lewis E. Dr. Ben Seldan, George, Pearl and Sara, you missed a fine meeting. We will be looking for you next week.

NEXT WEEK: Our records show that G. Bennett Adams is the speaker for 25th. We do not know whether he has been notified or contacted and suggest that George check into this. Let George do it, you know.

The time is drawing near when we will begin planning our HALLOWEEN PARTY. Let's begin to think about it. What kind of party? Will we have the Ladies? Will it be costume? Will we have an outside speaker? Or will we let George do it? All the above questions and any others that might come up, should be worked out before Halloween is too close.

QUESTION: A man has two miles to travel to catch a train. He walks the first mile at the rate of 30 miles per hour. How fast must he travel the second mile in order not to miss the train if he had two minutes in which to cover the full distance of two miles?

RECIPE FOR LONG LIFE  
Worry less and work more,  
Ride less and walk more,  
Frown less and smile more,  
Preach less and practice more.  
—Dept of Health Bulletin.

Uncle Bob May is on the sick list this week.

## L. & N. R. R. Co.

Office of the Superintendent  
Ravenna, Ky.,  
Sept. 14, 1942.

Dear Mr. Harris:  
I have just read your article in The Mountain Eagle of the 10th inst. and it is indeed refreshing to see such complimentary notice of not only the performance of our railroad, but the character of our employees.

The war has placed a great many burdens on the railroad, and although they are rendering service far beyond the expectations of everyone, there are times when our obligation to the Government will interfere with giving the service to our patrons that we would like to, and I earnestly hope that the readers of The Mountain Eagle when they read your article will realize that we are in the war and will make the proper allowance when they do not receive their freight as promptly as they expect to.

Your article is doubly appreciative when you consider the fact that people are very free in offering criticism and complaint, and that complimentary remarks are very rare.

Sincerely yours,  
J. D. HAYDEN, Supt.

## MOTOR TO ABINGDON, VA.

Last Monday, Mrs. B. F. Wright, Mrs. W. P. Nolan and Mrs. Ed McClelland motored to Abingdon, Va., with Billy Wayne Wright who left for Park Union College where he will continue his studies this year.

Sgt. Chas. O. Blair, stationed at Camp Edwards, Mass. spent the past week with his parents, Mr. and Mrs. Robert Blair, here. He was accompanied from Baltimore, Md. by his brother, William I. Blair, who is employed in Glenn L. Martin's Airplane factory. They returned to Baltimore and Camp Edwards Friday afternoon.

While here they visited their cousin, Mrs. J. A. Flood at Prestonsburg, and their Aunt, Mrs. L. H. Evans, and Mr. Evans, at Paintsville. Mrs. Rachel Blair, their grandmother, who has been spending the summer with her son, Robert, Blair, returned to Paintsville with them, where she will spend the winter with her daughter, Mrs. L. H. Evans.

## Jenkins Items

Jenkins, Ky., Sept. 16.—Three popular Jenkins soldiers, Kyle Beverly, son of Policeman Shelia Beverly, Owen Narramore, son of Ed Narramore, and Jack Bates son of Henry Bates, all stationed at the Great Lakes Naval training base, Great Lakes, Ill., are here this week visiting their parents. Bruno Esmond is also here from said old Fredericksburg, Va., visiting his parents at Dunham. He is making a reputation in the armed forces and is nearing to go overseas where he would gladly do his bit for the country's cause.

Miss Kathleen Gibson long the efficient Western Union operator has gone to her home near Abingdon, Va. It is expected that Miss Madeline Johnson will now be regularly employed in Western Union work.

## Appeals To War Workers Not to Smoke in Plants

In an appeal to all employees in war plants in the State to observe "No Smoking" rules, as a patriotic duty, D. E. Peel, State Fire Marshal of Kentucky, declared today he believed an explanation of the seriousness of the practice would make it unnecessary for courts to impose heavy fines on workers in order to enforce ordinances against smoking.

"We read stories frequently of war plant workers being fined as much as \$50 for smoking in or near war production plants," Mr. Peel said. "I firmly believe that if it was pressed upon these workers that it is their duty to the nation not to smoke in plants turning out the materials they would willingly change their habits. A carelessly dropped match or cigarette could destroy these plants just as effectively as a fire deliberately set by our enemies. All of us who smoke are likely to forget that the match, that lights our cigar, cigarette or pipe can just as easily start a fire that will destroy the most completely fire-proof building in the world."

"Workers may think that the concrete and steel building in which they work and the steel machinery which they use to turn out airplanes, tanks and guns, cannot burn, and they are right. But there is always plenty of flammable material around that could start a fire that would wreck such a plant. Steel does not burn, but look what a fire did to the Normandie."

Word was received by Mrs. Nettie Hughes of Whitesburg on Aug. 28 that her father, Rev. George Highfield had passed away after an illness of two months.

Mrs. Hughes and her sister, Mrs. Norris Brashear of Hazard, spent two weeks with her father a short time before his death.

Rev. Highfield was a Methodist Minister in Tracy City. He came to Kentucky in 1914 and remained in Letcher County until the last five years of his life which were spent in Tracy City.

Rev. Highfield was loved by everyone who knew him and will be greatly missed. But we know that our loss is Heaven's gain because he lived a Christian life and led many others to Christ.

He is survived by six children, Mrs. Hughes of Whitesburg, Mrs. Odessa Taubens of Tracy City, Jim Highfield of Cumberland, Mrs. Norris Brashear of Hazard; Mrs. Ernest Jones of Buffalo, N. Y., and Mrs. Martin Piersall also of Buffalo.

Mrs. Hughes had the Johnson Funeral Home of Whitesburg to bring the body from Tracy City to Benham where funeral services were held and the body laid to rest on the 31st day of August in the Benham cemetery beside his wife who preceded him in death eight years ago.

Our sympathy goes to all the family and may God help each and every one who are left to mourn his loss.

Mrs. N. E. Rierison of Bluefield, W. Va., is visiting her parents, Mr. and Mrs. N. M. Webb here this week.

## John P. Crase Writes From "Somewhere"

"Somewhere"  
Aug. 9, 1942

Dear Editor:

Just a short letter from an ardent and faithful reader of the good old Mountain Eagle way down here on the other side of the Equator. Up until my enlistment in the Marine Corps I resided in the little County Seat of Letcher County with my parents where I spent my happy boyhood days and went to school.

Some of the happiest days of my life were spent while I was attending grade and high school in Whitesburg. While attending Whitesburg High I wrote a few articles for the school which were published by The Eagle and I also worked for The Eagle in a minor capacity at one time.

My parents now reside in Louisville, having moved there just before I became a "Devil Dog". However my legal address in the Marine Corps is Monroe Bridge, Mass. since that is the home of my wife the former Olivia Evelyn Francescotti. I have been in the Marine Corps since September, 1940, having enlisted at Cincinnati, Ohio.

I am a machine gunner or the number one man in a gun squad of machine gun company. I am a Private First Class and hope to make Corporal soon. I have been in this Company since joining it in January, 1941, and like it very much. This is my second time to do foreign shore duty and it also promises to be more exciting than my six months in . . .

Due to strict naval censorship I cannot disclose where I am or what I am doing but I'll be fighting Japs instead of Germans—you can get on that! The natives on this island treat us like a member of the family, so I'm having lots of fun and adventures.

The natives live in huts made from Cocanutt trees just like you see in the movies or read about. They live almost entirely upon the land. However, they raise cows, chickens, ducks, hogs and horses here. The natives eat very little meat.

Native fruits that are plentiful here are Cocanatts, bananas, oranges, tangerines, lemons, lime, pineapples, breadfruit, mammy apples and coca. Vegetables that are grown here on a very small scale are green beans, tomatoes, cucumber, lettuce, onions, beets, radish, hot pepper, taro root and some sugar cane is grown. A favorite chow with the natives here is cooked green bananas and a favorite drink is milk from the cocoanuts. However, native fried chicken or steak is the favorite with us Leathernecks and Bluejackets.

The people here are very, very religious, in fact I personally think the natives here are the most religious people in the world today. There must be more churches here for percentage of population than any place else in the world.

Churches are almost as common as restaurants back in the States and they are as crowded as a Theatre when it is playing, "To the Shores of Tripoli". If the world followed the customs of the natives here we would never have another war! Anyone who ever comes here will be surprised to know that such a group of people still exist in this war-torn world.

Well, I could go on writing

about the natives, their customs and my travels and adventures as a Marine forever, but there comes a time when even a Devil Dog gets hungry and there goes chow call, so I will have to close until some later date. I will be more than glad to hear from any of my old friends in Eastern Kentucky and promise to answer all letters.

We get mail here about every six weeks and next to reading letters from home or my wife, I will be fond of reading the old Eagle in spare time, so keep the Old Bird flying Mr. Editor—O. K. So long from this island of Paradise on the other side of the Equator.

For travel, adventure and romance join Uncle Sam's fighting Devil Dogs, on the land, at sea and in the air. I found all these my first two years.

A faithful and ardent reader, Pfc. JOHN PAUL CRASE, Marine Corps Unit No. 115, c/o Postmaster, San Francisco, Calif.

P. S.—Will look forward to seeing my letter published in The Eagle in the near future.

NOTE—A fine letter Mr. Crase, and we'll be looking for a better one when you return. The best wishes of The Eagle force go with you and we are sure the populace of Whitesburg will read your letter with interest. So Happy Adventure to you and all the Fighting Marines and may you be victorious in all your undertakings—Editor.

St. Joe, Ark., Sept. 8, 1942.  
Editor Mountain Eagle, Whitesburg, Ky.

Dear Sir:

As I am a subscriber to The Good Old Eagle, I thought I would write a letter. I am always pleased when I receive the Eagle. I want all my friends up there to know where I live now. I live in Sevier County, Arkansas. The County Seat of Sevier County is Marshall. It has a population of about 1000 people. I live on my farm of 33 acres of land about 12 miles from Marshall. This is a fine country—the population of Sevier County is about 12000 people. There are fine crops of corn and there are lots of Hay. I have a very good garden, corn, beans, etc. I planted when I got here in July. I live in the uplands of the Ozark Mountains near Big Buffalo river and there are lots of fish in it. At one time there was an Indian Village where I live.

This is a healthy place to live, you can buy a good farm here in the uplands very reasonable.

I read in The Eagle about the death of the Rev. Duncan Powers of Wise, Va. I knew him well. He was a fine Christian. I want to say to my friends up there who read these lines that I believe we are living in the last days of time and it is written in the Holy Scriptures, "What does a man profit if he should gain the whole world and lose his own soul?" What would he give in exchange for his soul? I trust all my friends that read these lines who are not ready to meet our Lord will get ready to meet Him. I have many friends up there that I would love to see. I miss my old school mates and teachers—I used to teach school up here in dear old Letcher County and if any of my friends should pass through here I want them to stop with me and see my pretty home

In the Ozarks. You would be as welcome as the flowers in May. I will close for this time.

Very respectfully,  
—James Harrison Collier.

## Sandlick News

(—By Mrs. Hubert Maggard) Mr. and Mrs. Johnnie Morgan spent last week end with Mrs. W. H. Maggard. Johnnie is working in Baltimore.

Lorraine Cook has gone to Baltimore with her sister, Mrs. Johnnie Morgan.

Dennis Hickman made a flying trip to Baltimore where he intended to work, but Dennis loved old Kentucky so much he was only gone a week.

Henry Halcomb is still in the Hospital at Johnson City, Tenn., where he is taking treatment.

Lottie Miller has been to Chattanooga, Tenn. to visit her mother-in-law.

Starns Breeding is still in Hazard Hospital. It seems as if he is improving slowly. We hope he will return soon.

Essie Caudill Swinney returned to her home at Caudill Saturday. She has been working in Baltimore.

Mattie Adams Montgomery spent last week end with her new mother-in-law whom she had never met before. She was much pleased when she met the family.

We were sorry to learn of the death of Harvey Pritchard. He will be missed so much by all his friends but the most by his precious mother who always stood by him and tried to comfort him in his illness.

## SACKETT NEWS

(—By Jewel Lene Breeding) Daniel Church on Rockhouse had their Sacramento meeting Sunday. The meeting time was in August but because of high water it was postponed until September.

In August the high water surrounded the church, it was about two feet deep; in July the high water almost washed the church away and did take away some buildings belonging to the church. At the last meeting a good crowd attended.

Everybody on Rockhouse seems to be fiddling and the next thing is making molasses from the cane patches, and of course there will be the old-time stir-up.

Bruce Breeding paid his first cousin a visit this week end—Begie Lane Breeding of Jeremiah, Ky.

Olive Bailey is recovering from a few weeks illness of pneumonia.

The Daniel School is progressing nicely, having as its teachers, Mr. Shade Combs and Miss Thelma Hammonds.

The parents are very proud of the teachers and students in their well-doing. The school lost some fine grade school graduates: Clyde Polly, Bruce Breeding, Elijah Blair, Oneith Sexton attending Whitesburg High; Hubert Hall entered Stuart Robinson High. Miss Hammonds, the teacher took the students to Colson for a ball game but because the ball court was over-flowed by water the game was postponed; instead Mrs. Anna Collins entertained the Daniel school with a spelling match.

The people are missing many men and boys on Rockhouse because of the Army and Defense work.

Some of the boys who are serving us from the Sackett Community are: Lawrence Combs, in British Isles; Leslie Morgan, Panama; Green Logan, Louisiana; Fernel Logan, Alaska; Morgan Combs, British West Indies; Bradford Sexton, Illinois; Kennie Madden, Hawaii; Herbert Maggard, California; Monroe Sexton, British Isles; Bradley Blair, California; Steve Ison, Navy, California. Donald Sexton will leave this week. These boys are missed very much by the community. Parents often think and talk of them. We hope that victory will soon be ours and our boys will return home again soon.

## NEWS in the WORLD of RELIGION

BY W. W. REID

Dr. Francis C. Tucker, a young interne in the Roosevelt Hospital, New York City, and Mrs. Tucker have been appointed as career missionaries of the American Board of Commissioners for Foreign Missions (Congregational) for service in China. Dr. Tucker is the son of Dr. and Mrs. Francis F. Tucker, both for many years medical missionaries in China. The young Doctor was born in Hopei Province, China, and expects soon to begin practice there. He is a graduate of Oberlin College and Harvard Medical School. Mrs. Tucker, the former Miss Emma Scott of Chicago, is a graduate of George Williams College.

"So far, America's greatest act as a nation has been the liberation of the slaves," says Dr. E. Stanley Jones, missionary to India, now on a lecture tour in America. "Her next great act will be to give the descendants of those freed slaves equality of opportunity. We must do it, not through patronage or condescension, but through simple justice—an already too long delayed justice. The Negroes have more than earned the right to that justice. Although suppressed and thwarted at every turn they have made more progress in these eighty years since slavery than any race in human history in that length of time. We should be proud of them and open the gates of opportunity to them."

Medical missionaries and health officials in the Belgian Congo, Africa, where it is customary for the white man to fight malaria by doses of quinine every day, are greatly concerned over the lack of that and other drugs because of the war. According to Dr. Arthur L. Piper, for twenty-five years in charge of the Methodist Hospital at Kapanaga, the small amount of quinine raised in the Congo will not be nearly sufficient for everyday needs. "Scientists in Germany developed a substitute several years ago, and this can be manufactured and replace quinine, but there is none of it to be bought in the Congo," he says. "Substitutes notwithstanding, there are going to be a lot of deaths all through the malarial countries due to the grabbing of Java (principal source of quinine) by the Japanese."

"Tracted out, dried out, or eroded out, some two million human beings, mostly native whites," are now migrants in America, following the crops," said Dr. Mark A. Dawber, of the Home Missions Conference of North America, in a recent study of this country's migrant labor and farm problem. "At wages which would be a disgrace in Europe, pregnant women and small ragged children labor in sugar beets, berries, onions, and other truck crops. For the time being, owing to the expansion of the war effort, some of the worst elements of the migratory labor problem in agriculture are disappearing. In some states there is a real shortage of labor, and crops are perishing. But this is only temporary. After the war we may expect the problem to reappear in more acute form."

According to the Rev. J. J. Mickle, secretary of the Foreign Missions Conference of North America, the following figures summarize some of the results of Protestant missionary work throughout the world, "as of December 7, 1941," and practically all of this is going on today despite the withdrawal of some hundreds of missionaries from some Far Eastern areas: there are "overseas" 55,000 Christian churches and 67,000 other preaching places; 61,000

IT TAKES special skill to make a thing good. It takes skill to make Coca-Cola—the skill that comes from a lifetime of practice. There's a finished art that goes into its making.

In Coca-Cola there's a special blend of wholesome flavor-essences which merges all the ingredients of Coca-Cola into the taste that makes Coca-Cola so uniquely refreshing. No one can duplicate it.

Ice-cold Coca-Cola is more than just thirst-quenching—it is refreshing. The drink that goes into refreshing energy. The drink whose quality sets it apart in delicious goodness.

War-time limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.

Lunch is something special to look forward to when it includes ice-cold Coca-Cola as the beverage. It turns lunchtime into refreshment time.

The best is always the better buy!

# First Baptist Church Notes

L. O. Griffith, Pastor  
COMMUNITY-GET-TOGETHER

Last Saturday night the High School Band under the direction of Jack Cornett gave an open air concert on the lawn of the Baptist Church. A large crowd enjoyed this music, and showed support of the Band. Motion pictures of last year fair and school activities were shown. There was such an high interest, people voted to have another community get together next Saturday night.

Everyone is invited to come to the Baptist Church Saturday night at 7:30. Singing, pictures of the recent flood, and things that will be of real interest to all. Come to enjoy this informal open air meeting.

To The Mountain Eagle:

In spite of my change of address the Dear Old Eagle is always here on time.

I being one of the Letcher County boys and not very well known but in this war too it brings to me great pleasure to read this home town paper which was sent to me from a subscription bought for one year and when this year is up I certainly will try another year. Although the loyal American citizen who had this paper sent to me will be here with me next year, and I am happy for that reason.

My reason for writing this is to thank the business manager and all the Letcher people for the work they are so willingly doing to help whip the Japs.

I don't know just how soon I may be called to go to fight for my country and people but I am ready and willing to go any time. So come on every Letcher boy, take a hand and join in this fight so it won't be so long and tiresome for the boys already fighting on the front and dying. It's our duty and every American to join in so let's go, Good Ole Letcher!

Thank you!

## WHAT CAN WORRYING DO?

Worry? Why Worry? What can worry do? It never keeps a trouble from overtaking you. It gives you indigestion, and wakeful hours at night, and fills with gloom the day, however fair and bright, it puts a frown upon the face, and sharpness in the tone. We're unfit to live with others and unfit to live alone. Worry? Why Worry? What can worry do? It never keeps a trouble from overtaking you. Pray? Why Pray? What can praying do? Praying really changes things, arranges life anew. It's good for your digestion, gives peaceful sleep at night, and fills the greyest, gloomiest day with rays of glowing light. It puts a smile upon your face, the love note in your tone, Makes you fit to live with others, and fit to live alone. Pray? Why Pray? What can praying do? It brings God down from Heaven, to live and work with you. —Past District Governor, Her-

The Chantry Light published by the Rotary Club of Southampton, Ont., Canada, passes on to us some things to remember as suggested by Marshall Field.

1. The value of time.

2. The success of perseverance.

3. The pleasure of working.

4. The dignity of simplicity.

5. The worth of character.

6. The power of kindness.

7. The influence of example.

8. The obligation of duty.

9. The wisdom of economy.

10. The virtue of patience.

11. The improvement of talent.

12. The joy of originating.

## County Agent's Notes

### SAVE BEANS AND PEAS FROM WEEVILS

Saving seed is merely a matter of gathering the pods just before they shatter. The real problem is to keep it free from the weevils. These come from eggs that are laid on the seed. There are several ways to destroy the weevils. One is to sift among the seeds hydrated lime enough to close all spaces. Another is to "bake" the seed 30 minutes at 135 degrees. If higher, the seed germ may be killed, and if lower, the eggs may survive and hatch.

The most sure and safe way is to treat the seed with carbon disulfide. This changes into a gas that kills the eggs but does not harm to germination or to flavor. Containers must be used that can be made absolutely airtight, and this is the procedure. Fill the container, put in the correct amount of the chemical, let stand 24 hours, pour into a flat vessel for use to leave and store in the seed right bags or boxes so that the gas may not be laid. Keep in dry place. If the treating vessel is a quart jar, use 1-2 teaspoon of carbon disulfide; for a half-gallon jar, 1 teaspoon, and for a 50-lb. barrel, 4 tablespoons. Carbon disulfide is HIGHLY EXPLOSIVE; use it outside the house on an airy porch.

### SOWING RYEGRASS

The A. C. P. now has about 50,000 pounds of rye grass seeds which any farmer can get by signing for it at the A. C. P. office. This rye grass should be sown on all hills and mountains of Letcher County. It forms a turf which helps to hold the soil during the winter and it also provides late and very early pastures.

Some farmers have been disappointed in rye grass, because they used it on their bottom land. Rye grass is not

a soil builder, therefore, it is best to use on hill land as mentioned above; however, it may be sown on the bottoms with vetch. This makes a good cover crop, and vetch is an excellent soil builder.

One of the best uses for rye grass is to sow it on land that is now in lespedeza or pasture. About 20 pounds per acre should be sown. Some are finding it a good practice to sow 10 pounds in September and another 10 pounds on the same acre in February where it is seeded on sod.

### GOOD TIME NOW TO RESEED LAWN

According to Professor N. R. Elliott, of the College of Agriculture, now is a good time to reseed the lawn. Fairly good soil should have a half-pound of seed per 1000 square feet. Lawns not so good should receive a pound, and young lawns at least two pounds, per 1000 square feet.

Now is also a good time to select native shrubs and trees to plant around the home later in the fall. They can be identified by their foliage. Professor Elliott suggests that small trees be reset, rather than to live to get large ones to live.

An unusual example of the orderly migration of farm workers was witnessed in the neighboring city of Inez, Ky., last Tuesday, Sept. 8, according to J. Haynes Roache, Manager of the Pikeville office of the United States Employment Service.

There exists a critical shortage of farm workers in New York State to harvest the bountiful crops of fruit and vegetables. The Director of the U. S. Employment Service, there sent out a call for workers to the Directors for those states in which a planned labor market survey indicated a surplus of farm workers. Horace Cleveland, the Supervisor of Farm Placement in Kentucky, for the United States Employment Service, relayed this order for workers to the Pikeville office.

Working with Clisby Moxley and Ben Short, Farm Security Administration representatives for Johnson and Martin Counties, 175 farm workers were recruited in Martin County and boarded the train at nearby Kermit, West Virginia, on September 8, bound for New York State. Transportation and subsistence is furnished these workers to and from the job by the Farm Security Administration.

These arrangements were made by Jack McCullough, Supervisor of Transportation for the Farm Security Administration. Housing facilities for the workers while in New York State is also furnished by this agency. The rate of pay is relatively high, 35c to 45c per hour, with the Farm Security Administration guaranteeing 30c per hour for a minimum of 75 per cent of the time. The work is presumed to last from 30 to 60 days.

The Pikeville office has just been advised that the employers in New York were so highly pleased with these Kentucky farm workers, that a telegraphic request for 200 more from the same area had been received. Manager Roache advises that his office, the Farm Security Administration, and the county officials of Martin County are now busily engaged in recruiting the farm workers for this additional order. The date of departure has not yet been set but will be within the next few days.

Badly needed food crops are thus saved to the New York farmers, and badly needed wages made by the men, women, boys and girls in Eastern Kentucky, Roache concluded.

That's a timely example of twice as much for your money. But there's another example that you enjoy every day—your electric service. It's the fact that you get twice as much electric service for the same money as you did 10 or 15 years ago.

You probably never realized it, because you were adding

more electric appliances and using more electricity, all the time the rates were going down. Actually, the electric bill of two-thirds of all American families is about a dime a day.

That's just about the biggest dime's worth in the world—and worth remembering right now when the war is giving us a new sense of values.

Such a bargain is possible only because of the American system for which we're all

fighting—a system of business management under public regulation, where free men are needed for their initiative and shrewdness and an unbiased officer is a potential boss.

## MAKE Fewer Calls EVERY DAY

In wartime, war needs must have right-of-way. This includes fast telephone service for war agencies and industries producing war weapons.

To provide this service, long distance and local telephone lines, now crowded with the greatest volume of calls in history, must be kept clear of non-essential messages. Ordinary peacetime uses of the telephone must yield right-of-way to war business.

If times were normal, we would build facilities to handle this growing volume of calls, but today, materials needed for telephone construction are going to war—where all of us are glad to have them go.

Therefore we are asking telephone users to make fewer long distance and local calls so as to keep telephone lines clear for vital war calls.

### How You Can Help

Long Distance Calls. Make only the most necessary long distance calls.

Place your calls before 9 a. m. or between noon and 2 p. m. and 7 p. m. or after 9 p. m. Stay near your telephone after you have placed your call. Don't chat your way to war—where all of us are glad to have them go.

Local Calls. Use your telephone sparingly—avoid unnecessary calls. Be sure to replace your receiver on the hook. Look up numbers you are not sure of and help avoid the calling of wrong numbers.

Make just conversational brief. Get on your feet—serveants avoid needless use of the telephone.

He, of course, was the center of attraction, instead of balm, y's. Miss Elvyn Gambill returned from her vacation spent at Grayson, Ky. with a short stop over in Ashland. She resumed her duties at the telephone exchange. Family ties and associations of love were manifested this week in the home of Mr. and Mrs. Henry Wright in "Mudtown." The daughter, Martha, and son Mack came over from Washington to spend a few days. Both highly popular in Jenkins hold good positions in the capital city. The same was true in the homes of Mr. Nash and Mr. Moore nearby, in Mudtown, when Kenneth Nash and Tabby Moore arrived from the Great Lakes Naval Training base for a several days furlough with their parents, and many friends.

Both the boys are delighted with the service, and will make themselves immortal when tried on the fields of battle. Miss Dorothy Purkey was delighted on Sept. 4 by having her many friends come and help her celebrate her fourteenth birthday in the Purkey home near No. 6 tipple. There were various refreshments, and games, for the entertainment of the goodly number of friends who came on the important occasion, all of whom spent a most pleasant evening. Those attending: Barbara Jean Sanders, Bruce Sanders, Romona Wright, Billy Wright, Marie Bishop, Kathleen Davis, Ruth Hughes, Bob Shockey, Delores Webb, Patsey Powers, Ronnie Blevins, Pat Blevins, Jack McWilliams, Melba McWilliams, Juanita Fleming, Dave

Powers, Edwin Bolling, Kenneth Bolling, Billy Funch, Carrie Elswick, Margaret Murray, Paul Williams, Carl Robinson, Truman Robinson, Lawrence Braddock, Kenneth Elkins, and others. Jimmy Dornley came in from Newport News where he has been an apprentice. Jimmy plans on shortly joining the U. S. Corps. Uncle Ike Sexton left a few days ago for a visit with his daughter, and other friends in Huntington. Mr. and Mrs. Dale Christopher, Morgantown, W. Va., were guests the week end of Mrs. Mary Everette, Mr. Christopher's sister.

Raymond Litts, son of Mr. and Mrs. J. L. Litts, Mudtown, is enjoying service for his country over at Rapid City, North Dakota, in the Black Hills. Warren Tompkins, son of M. L. Tompkins, "Slack Rock" is stationed at Ft. Bragg, N. C., or at least when heard from last, a month ago. Parents think, however, that Warren might have gone overseas.

Miss Ruth Moore accompanied her brother, Tabby Moore, as far as Sassafras, Ky., on his return to the Great Lakes, Ill. naval training base. Misses Bobby Donaldson and Jeanne Hoskins, Pikeville, were guests of Jenkins friends a few days ago. Miss Kathleen Gibson, after a long stay in Jenkins, as the Western Union operator, will go to Abingdon, Va., the week end, where she will join her parents. Mr. and Mrs. H. F. Gibson. All Jenkins will regret to lose this splendid girl. Forner Webb, son of Mr. and Mrs. B. M. Webb, old No. 5, is in armed service down in Louisiana.

Ft. Thomas, Ky., Sept. 12.—Hillard Holcomb, Gordon, Ky., Bob Shockey, Delores Webb, Patsey Powers, Ronnie Blevins, Pat Blevins, Jack McWilliams, Melba McWilliams, Juanita Fleming, Dave

## ALKA-SELTZER BRIGHTENS MY DAY

OCCASIONALLY, I wake up in the morning with a headache. It sometimes wears off along the middle of the forenoon, but I don't want to wait that long, so I drink a glass of sparkling ALKA-SELTZER. In just a little while I am feeling a lot better.

Sometimes the week's ironing tires me and makes me feel a little better. Then it's ALKA-SELTZER to the rescue. A tablet or two and a little rest makes me feel more like finishing the job.

And when I eat "not wisely but too well," ALKA-SELTZER relieves the Acid Indigestion that so often follows.

Yes, Alka-Seltzer brightens my day. It brings relief from so many of my discomforts that I always keep a supply.

Why don't you get a package of ALKA-SELTZER at your drug store today?

Large Package 60¢, Small 30¢.

## FLEMING NEWS

The following Navy boys have returned to their post in Great Lakes, Ill., after spending several days visiting parents in Fleming: Winford Sisk, Lloyd McMillian, Carl Elowitz, Charles Sisk, and Herbert Gillis. ## WHITESBURG ROTARY CLUB

Sept. 11th, 1942

"America" Invocation.

Speaker: Rev. Joe T. Sudduth Subject: Optional

LAST MEETING: Lewis E. chose as his subject, "THE OBLIGATION OF THE ROTARY COMMITTEEMAN"

He discussed the Aims of the International Service Committee of which he is Chairman, stating that the Aims were to keep and promote peace among all Nations.

He also discussed generally, the duties of the Committeemen of the different committees, reminding us that we all have a job to do. The discussion was a timely one and we believe it will help us to get going on our program for the year. Thanks Judge.

The Club voted for Secretary Ben to prepare a letter to Rev. W. H. Poore who is leaving our city, expressing our appreciation for all the different services he performed for our Club and Community during his stay with us. No doubt our Club is going to miss Rev. Poore as much as the Community will miss him.

Hugh says there will be no Fair this year, but that we will have the different displays in the store windows of town, running from September 30th, through October 3rd. Let's do all we can to help him make this a success.

ATTENDANCE: The attendance this week was the best we have had for some time. We are all proud of the improvement, and hope our attendance will continue to be good.

ABSENT THIS WEEK: Dr. B. F. Wright, Pearl Nolan and Dewey Polly.

VISITORS AND GUESTS: We were glad to have with us, Rotarian Nick Domenick, D. L. Estes, Agriculture teacher here, and Prof. C. J. Reed, Principal of the High School. We hope to be able to have all these with us again.

The Board of Directors voted to continue to have an Honor Student from the School as guest of the Club each month. Prof. Reed has been notified and will choose the student when the time is ripe.

President George was with us again this week. His boss,

Mr. Johnson has been ill and George is having to spend a good deal of his time at Lynch. We hope for a speedy recovery for Mr. Johnson, personally, and in order that George can be with us full time.

NEXT WEEK: Hugh Hurst will have charge of the program on the 18th. We know Hugh will have something interesting for us.

Rotarian Lee reports he is "sorter" on the puny list. Distinct and all that, but we noticed that when the chicken came around he Preacher blood showed itself. Seriously Lee, we hope for you a speedy recovery.

## MY MOTHER

Her lifework here has ended  
No more on earth shall she abide  
Although we shall greatly miss her  
She has crossed the swelling tide.

She has gained her mansion  
Up yonder  
Where towers of crystal shine  
'Tis sweet to know her soul is at rest  
That darling mother of mine.

Sweet Zephyrs float in at my window  
Sounds of Heaven's melody on the air  
My Mother's voice in that Angel band  
From that beautiful city up there.

Sweetly echoes that Angel song  
My mother's voice from the sky  
Please walk the straight and narrow way  
And meet me by and by.

Your voice will guide me, mother dear,  
Till my stormy voyage is o'er  
By God's holy will I shall meet you  
On Heaven's blissful shore.

Most of the boarding students enjoyed visits home the past week end. However, there are quite a number who live far to go.

Miss Beulah Mullins is a recent addition to our faculty. Miss Mullins is one of "our girls", having graduated here in 1940. Since that time she has attended Cumberland College at Williamsburg, Ky. Mr. T. S. Moore has taken over the responsibility of coaching the boys' basketball team this year.

Miss Mary L. Ervin, Mrs. T. S. Moore, and Ethel Sergeant have charge of the Sycamore Sunday School, Miss Florence Gray and Mr. T. S. Moore of the Doty Sunday School, and Misses Corinne Borg, Anne Graham, and Anne Gammon of the Sunday School at Carbon Glow.

Miss Marie Marvel, of the Conference of Southern Mountain Workers, Berea, Ky., is with us for two weeks, during which time she will give instruction in folk games and folk songs. Our faculty members and students always enjoy Miss Marvel's visits to us. These are very busy days at Stuart Robinson, the large increase in student enrollment making the work heavier than usual.
